
Hugh Sloan, Ph.D.

Associate Professor of Marketing

Academic Background

Ph.D. Ohio State University, Columbus, OH, Marketing and Logistics, 1991

M.A. Ohio State University, Columbus, OH, Marketing, 1990

M.B.A. Baldwin-Wallace College, Berea, OH, Business Systems, 1977

B.A. University of Maryland, College Park, MD, General Studies - Political Science & Russian, 1968

Academic Experience

Associate Professor of Marketing, University of Mississippi, School of Business Administration, Department of Marketing (1998 - Present), University, Mississippi. Teaching - International Business, Global Marketing, Retail Marketing, Professional Selling, Marketing Strategy, Marketing Research, Distribution & Logistics, Supply Chain Management, Marketing Geography, MBA Program, Curriculum - various; Research, journal publishing, Service activities, including economic development, and pro bono and compensated consulting, as well as ongoing role in Civil Air Patrol as discussed below.

Squadron Commander (three non-consecutive terms), MS Wing Aerospace Education Officer, MS Wing Public Affairs Officer, last relinquished unit command 9/11/2015 (disability), Civil Air Patrol Composite Squadron MS050 and MS Wing HQ (1993 - Present), Oxford & Jackson, Mississippi. Rank: Lt Colonel. Commanded and supported 30 seniors & cadets in emergency services, aerospace education, & cadet programs (1993-2006). Recently appointed Mississippi Wing (state-wide) Aerospace Education Officer. Served as Director of 7-state (Southeast Region) cadet officer training Dec-Jan 2005-6 at Tyndall AFB FL. Reappointed for 2006-2007. 2008 Returned to Oxford Squadron as Unit Commander. Since 2014 the CAP has been incorporated into US Defense structure Total Force, so reacquired supplemental title of 'Airman.' Serious automobile accident disability after therapy led to my current roles as Recruitment & Retention Officer and, as well, Aerospace Education Officer. US Congress charged CAP with TEACHING the membership and the general public about all aspects and progress of air & space activities, which I do to present.

Director, Small Business Institute, University of Mississippi, School of Business Administration, Department of Management and Marketing (1991 - 2005), University, Mississippi. Project Administration. Generated \$52,500 in grants for the School of Business Administration through 1995. Direct and administer students' consulting cases for small business. Manage student progress and resources. Annual report with interviews and documentation of SBI results to SBA State Office (Jackson).

Assistant Professor of Marketing, University of Mississippi, School of Business Administration, Department of Marketing (1991 - 1998), University, Mississippi. Teaching (Marketing Strategy, Marketing Research, Logistics, Global Marketing, and MBA Curriculum); Research, journal publishing; Service activities, consulting.

Executive Director (Interim), University of Mississippi, Office of Research, Mississippi Space Commerce

Initiative (1997), University, Mississippi. (Remote Sensing Commercialization and Statewide Research Institute). Created and coordinated work on \$35-50 million research enterprise responsive to remote sensing, industry-defined research agendas. MS funding for 1999-2003 for the MRC universities is to be \$15 million with NSA match of \$15 million. \$100-150 million annually in US government product markets forecast in a \$1.5 billion marketplace. Assisted with director hiring, effective December, 1997.

Student, Instructor, Graduate Teaching and Research Assistant, Ohio State University, Continuing Education Division (1986-6) and Graduate School (1985 - 1991), Columbus, Ohio. Career change (1985) Extensive reading and reflection, math and computer courses the Ohio State University, survey of graduate studies possibilities, travel (US & Europe); admitted to Ph.D. Program (1986) The Ohio State University (Marketing). TA & RA duties: Taught Marketing Management & Research, assisted professors with research projects. Videotex research in US, UK, and Germany.

Adjunct Language Faculty, Clark County Community College (February, 1973 - April, 1973), Springfield, Ohio. Instructed Continuing Education students in 'Tourist' Russian Language. Offered a 'short course' through the community college.

Graduate Administrative Assistant, Miami University (1968 - 1969), Oxford, Ohio. Converted International Studies curriculum from trimester to quarters. Student: Completed Masters level course, ABT

Non-Academic Experience

National

President and Owner, Sloan and Sloan Systems Group (1986 - Present), Oxford, Mississippi. Consulting for product management, marketing research, economic impact, strategic planning, customer service measurement, business space planning and utilization and business interior design and specification service.

Sales/Service Manager, AT&T General Business Systems (February, 1983 - June, 1985), Columbus, Ohio. Manager of direct sales and telemarketing; responsible for system design and supervision. Assisted with change from Ohio Bell to AT&T organization (Bell System Divestiture Era). Managerial duties included human resources, budgeting, planning, forecasting, revenue generation, and sales support duties. Extensive trade show/customer seminar work.

First Vice President and Chief Financial Officer, Fiberglas Products, Inc (1971 - 1980), Portsmouth, Ohio. Manufacturer of fiberglass truck fenders. Financial and production planning, personnel/labor management, sales management. Restructure and turnaround of family business; consistent losses (pre 1972) changed to consistent profits (all years after 1972) by converting to 'new concept' virtual corporation. FPI's customers: White Motor Company, Mack Truck Corporation and Fruehauf Trailer corporation, and 'semi' tractor-trailer operators at large.

Manager/Communications Consultant, Ohio Bell Telephone Company (1969 - 1983), Dayton, Springfield, Cleveland, Columbus, Ohio. Sales and Service (82-83), Personnel (81-82), Rate & Revenue (72-81), Consultant (69-72). Manager: customer/salesperson support, college student recruitment (2 yrs.), economic analyses, products and services pricing, tariff preparation, and rate testimony preparation. Management Entry Level Hire as Comm Consultant: First, handled major accounts in Dayton OH; then was assigned total responsibility for most major customers in Springfield, OH. Trained in data and voice analog and digital communications. Assumed AT&T managerial position when Bell System and AT&T Divestiture occurred.

Sales Associate and Kingsley Imprinter, Stapleton Office Supply Company (1956 - 1959), Portsmouth, Ohio. Began as HS sophomore deliveryman and stock clerk; promoted to gold leaf imprinter on leather, wood, plastics, then to floor sales associate, all prior to college. Retired USA Colonel 'commanded' this major 10,000-SKU office supply firm.

International

Noncommissioned & Commissioned Officer, United States Air Force, USAF Security Service (July, 1960 -

January, 1991), States: TX, IN, NY, Misawa/ Tokyo JP, Peshawar PK, United States of America. Russian Linguist/Radio Intercept Analyst for 8 years. Initial tour following schools in Pakistan, later serving in the US and Japan. Preparation included both Basic and Advanced schools (3120 contact hours) in Russian Area Studies and Russian Language as well as extensive technical electronic schooling through 1968. (USAF followed by duty in OhioANG): Change of Intelligence duty in 1973. Starting 1973 served in 121st Tactical Fighter Wing & 166th Tactical Fighter Squadron as (Tactical) Intelligence Officer, Ohio Air National Guard (18 years). Unit in US but duties worldwide: Deployed to UK, Panama, NAS Barbers Point (Pacific Region), Germany (NATO). Highest enlisted grade: MSG (E-7). In USAFSS supported national defense policies, strategic and tactical intelligence collection & USAFSS threat warning capability, worldwide assignments. Later in OhANG supported USAF and USA worldwide combat capabilities. Had break in service 1968-1973 & joined OhANG 1973. OCS/Academy of Military Science 1980. Top Secret Special Compartmented Intelligence (TS/SCI) clearance. Retired in January 1991 as Major (O-4) and as Squadron Intelligence Officer.

Consulting

Research Grants

Funded

2010: Sloan, H. Summer Research Grant (CISS) \$7,500, Office of the Director of National Security (ODNI). Summer \$7,500 research grant to create report on improving Intelligence Community (IC) analytics.

2003: Sloan, H. & Easson, G., ITS Grant for Oxford ITS Project, Principal Investigator. Phase II.

2002: Sloan, H. & Easson, G., Oxford ITS Project, Principal Investigator. ITS Grant Component of Phase I.

2001: Sloan, H. & Uddin, ., Oxford ITS Project, Principal Investigator. ITS Grant Component of Phase I.

2000: Sloan, H. Security Check, Inc., Principal Investigator. Technical analysis of returned check characteristics to improve collection rate.

2000: Sloan, H. Space Imaging, Inc. and the Mississippi Space Commerce Initiative. , Principal Investigator. Market research to do needs assessment and product design for digital elevation model (DEM) and radio wave propagation model using new high precision (1-meter resolution) remote sensing images .

2000: Hugh, S. \$13,600-Summer Research (SBIR/STTR program), University of Mississippi, Office of Research.

1999: Sloan, H. AeroSea, Inc., Principal Investigator. Grant to provide a strategic planning and marketing research framework for a retail, maritime, commercial, and residential development on and near Piers 30-32 and 80 in San Francisco. .

1999: Sloan, H. Department of Commerce Grant (through Mississippi State University), Principal Investigator. Used to provide strategic and marketing planning assistance to Holly Springs, MS. .

1998: Sloan, H. & Dingerson, M. R., Summer Research Grant, Principal Investigator, Institutions of Higher Learning (IHL). To clarify the role, function, and resources of Mississippi universities in initiating and enhancing state economic development efforts. Acted as co-investigator. Principle Investigator: Dr. Michael R. Dingerson, Professor of Higher Education and Chairman, Educational Leadership and Educational Psychology (UMo).

1998: Sloan, H. MS Remote Sensing Commercialization Research Institute Initiative Grant, Principal Investigator, NASA initiated grant for MRC/UM. Mississippi Research Consortium, lead organization - University of Mississippi. Grant awarded while Executive Director of MSCJ by Mississippi legislature; indirect involvement; supportive activities.

1997: Sloan, H. & Dingerson, M. R., Initial Planning Grant, Principal Investigator, Mississippi Space Commerce Initiative. Partial administrator as the Interim Executive Director, Feb-Dec 1997. Principle Investigator: Dr. Michael R. Dingerson, Associate Vice Chancellor for Research and Dean of the Graduate School (UM/MRC).

1994: Hugh, S. \$3000 to direct 6 student consulting teams., Small Business Administration Grant.

1994: Hugh, S. \$9500 to direct 19 student consulting teams., Small Business Administration Grant.

1993: Hugh, S. \$11,000 to direct 22 student consulting teams., Small Business Administration Grant.

1993: Hugh, S. \$1000 to support Mississippi manufacturing export research., University of Mississippi, Graduate School Partners Grant.

1992: Hugh, S. \$10,000 to direct 20 student consulting teams., Small Business Administration Grant.

1991: Hugh, S. \$8500 to direct 17 student consulting teams., Small Business Administration Grant.

Research Reports

2013: Sloan, H. & Eason, C., Student Attitudes and Awareness of On-Campus Scholarly Opportunities., submitted to Draft.

2013: Sloan, H. J., & Eason, C., E-Text & E-Support Student Acceptance in Principles of Marketing Courses., submitted to Draft.

2011: Sloan, H., Marketing Research Report: Incoming/New Student Awareness of CISS., submitted to CISS.

2010: Sloan, H., Improving Intelligence Analytics: Honoring Imaginative Scenarios., submitted to Center for Intelligence and Security Studies (CISS) - College of Applied Sciences.

Other Research Activities

Applied or Integrative/application Scholarship

2018: Sloan, H., Wing in Ground Aerodynamic Surface Effect Vehicles in the Cargo and People Transport Mixes. Incomplete Paper. Research Mode. Revolutionary Technology stumbling about for 80 years, but inevitable in future. Australia is manufacturing passenger versions in bulk. This Pairs up on Vita with Working Papers, but is not that organized yet.

2017: Sloan III, H. J., Journal of Business and Marketing Geomatic Science. One added research/service vision I have for the next year is the creation, implementation, and editing of a journal appropriate to leading edge research during my sabbatical along with other activities. The proposed journal: Journal of Business and Marketing Geomatic Science. It will have an electronic format. No peer reviewed outlet for business-marketing geomatic advances and extensions addressing the integration of spatial aspects within topics of marketing interest is in the contemporary journal mix – e.g., one sub-discipline within the marketing discipline is consumer behavior, but no coherent body of work has emerged, nor is there an outlet for, scholarly work that

incorporates spatial consumer behavior; the market-essential analytical discipline of logistics addresses a host of spatial issues, but these are rarely integrated into marketing in spite of the inherent cost, hence pricing, implications of the friction of distance and time – spatial marketing cost and pricing issues.

Basic or Discovery Scholarship

2013: Sloan III, H. J., Various with Graduates. Work with Vahid Gholi on Supply Chain Flexibility In the Internet Age, with Hannah Parker (Fordham University NY) on Nonprofit Marketing Opportunities with Viral Marketing, with Derek Ezell on the construct 'Love of Products,' with Dr. Stefan Lindhoff (Murray State University KY) on extensions of his dissertation.

2010: , , . Only partial completion of journal creation in sabbatical period. Both the journal activity and planned article ended as I contracted pneumonia at the half-way point of sabbatical and no activities were fully completed. Work continues.

Other

2000: , , . Special Request, J.C. Burns, Director, Mississippi Development Agency, Prepare: A Preliminary Report for the Executive Director, MDECD: Response of Comprehensive and Urban Mississippi Universities Schools of Business to the Mississippi Partnership for Economic Development Concept,' with K. Womer, July 2000.

1995: , , . Focus Group Facilitator--Gold Key National Honor Society. National study to reduce college/campus consumption of alcohol and drugs.

1988: , , . 'Videotex Project Reviews VI' Hugh J. Sloan and W. Wayne Talarzyk, WP 88-20, College of Business, Ohio State University (145p), 1988. Cited in U.S. Government publications.

1996: Southern Marketing Association.

Service to the Community

Board-Member

2012: Yocona International Folk Festival (YIFF), The YIFF is in its 6th year. I have been involved each year. I act as financial officer and scholarly contributor. I have prepared and presented PowerPoint materials in 4-6 Mississippi communities in the years of its existence. In 2012 I prepared and presented material on the Country of Peru (and the musical and dance troupes - Cosendama) as well as the dance and music of Egypt (Alexandria), which included a Cairo reporter and an Associate Deputy of the Ministry of Culture. These materials were presented in Clarksdale, Charleston, Oxford.UM (Ford Center), Tupelo, and elsewhere. In 2013 I have begun work with Senegal and Hawaii for this summer season.

2008: hsloan@bus.olemiss.edu, YIF Continues For 2010 it will Be Spain, Finland, Congo, Japan.

2007: hsloan@bus.olemiss.edu, YIF Festival below continued

2006: hsloan@bus.olemiss.edu, YIF is a multicultural recruitment of dance and music groups from around the globe and performed in the Oxford area (as far away as Clarksdale). Since 2006 we have had Romania, Mexico, Ghana, Togo, Ireland, and others, and American heritage performances as well.

Other Community Service Activities

2018: Community Volunteer, I continue as a Lt Colonel and Aerospace Officer in the Oxford Squadron of Civil Air Patrol. CAP is the ONLY organization tasked by the USAF with Search and Rescue operations for General Aviation (GA), which is typically non-Military and non-Commercial aircraft. There are more GA aircraft than any other type. The University aircraft, if overdue or missing would be a targeted CAP search mission. We are the USAF Auxiliary and recognized as a part of the US Total Force by title of Airman. If some hurting human is hanging upside down in straps in a wrecked aircraft, or flood water reports are needed, or tornado/hurricane damage must be assessed, they call us. I am proud to report I have been in the USAF blue uniform for 56 years - CAP Cadet, USAF Linguist, OhANG Fighter Unit Intel Officer, and for the last 27 years in the Oxford CAP unit, three times as commander. We have a significant STEM program and involve many cadets. This is important service to the larger community. I wish to not have it overlooked or trivialized.

2017: Civil Air Patrol, Community Service is a critical aspect of our responsibilities. I hold the rank of CAP Lt Colonel. I have transferred command of the Oxford Squadron due to disability. I now serve the new commander of in meetings at Oxford-University Airport in conducting or assisting in weekly Aerospace

Education and Cadet Programs (ages 12-21).

Briefly, CAP responsibilities also include Air Force- and client-tasked Emergency Services (search for missing persons, missing general aviation aircraft), in which I have participated, as well as being 'eyes in the sky' for MDOT and many other client agencies requiring overwatch and surveillance, as well as assessment and documentation of flooding and other events; other needs handled such as critical official transport and blood supply transport, as well. Key component of MDOT response capability in disasters.

Prior to recent command of Oxford Squadron, I performed as State-Wide Aerospace Education Officer and Public Relations Officer on the MS Wing Staff at Jackson HQ. Now serve as Recruitment/Retention Officer and Aerospace Education Officer. Recently I made a CAP presentation to the the Daughters of the American Revolution Oxford organization in February. In March I made six 1-hour CAP presentations to 6 STEM classes at OMS.

In all, I have provided 25 years of CAP service to this community. To repeat, this organization is responsible for ALL search and rescue involving general aviation and we are participants in military searches. Of note, the search and rescue of pilot Steinbold a decade ago 8 miles SE of Oxford is featured in his book *Miracle in Mississippi*. In addition, again repeating, we provided significant disaster response and relief (e.g., 9/11, Katrina, MS River flooding).

We now have exceptional educational STEM focus in K-12 topics, as well as extended STEM coverage in CAP activities for cadets. I am now assisting with the transition of our unit to a full STEM focus. After more than a decade of local Squadron Commander duties here, I assumed the Wing (State-wide) Public Affairs Officer and the Wing Aerospace Education Officer duties. The MS Wing (State of MS) is responsible directly to the USAF in fulfilling all assigned activities. After said service in the MS Wing, in 2013 I once again accepted the Commander slot in the Oxford Squadron, but in 2015-2016 I was in disabling automobile accident and have been recovering up to and during the period of this report. I always kept membership and in mid- 2016 assumed the Recruiting and Retention Officer and Aerospace Education Officer roles locally; in our 2016 USAF Oxford Unit Inspection we earned a *Successful* rating for the AE activity, and a *Hold* rating for the newly organized R&R activity (due to national restructuring in the regulations and Internet components).

This Civil Air Patrol community, state, and national service organization is critical to our security as a nation, hence is recognized as part of our nation's Total Force. I have proudly served in the different roles described herein for 57 years in the USAF uniform or the same USAF uniform with distinctive CAP devices.

Community, State and National service I have felt to be an obligation.

2005: Lafayette County School, Parent /Teacher Association, Very active in local group and have attended two national conferences held in Washington, DC.

2005: Civil Air Patrol, I serve as Commander, Steve Launius Squadron, Mississippi Wing, of Civil Air Patrol.

1997 – 1998: Lafayette County-Oxford-University Economic Impact Study of University-Oxford Airport, Findings of this group were reported to University of Mississippi and Mayor's Airport Advisory Committee (February 1998). Also presented a report to Mayor and City Council, as well as Board of County Commissioners (March, 1998).

1995: Oxford-University Schools, Comprehensive Strategic Planning Study--Project involved four focus groups-group decision support system brainstorming inputs and multiple meetings with the board of directors.

1994: Lafayette High School Student Project, Ole Miss Football Economic Impact Study--guided project design, survey development, coding, and analysis of data.

1993: University of Mississippi and the Tupelo Community Development Foundation, 'Comprehensive Tupelo Campus School of Business Administration Research Project,' with Frank Wiebe. Project involved interviews, two focus groups, and four field surveys.

1993: Oxford Economic Development Foundation and Chamber of Commerce, and University Loyalty Foundation, 'Home Game Economic Impact Study,' with Faye McIntyre. A major research project developing the economic impact of home football games on the Oxford community.

1992: Prairie Girl Scout Council, 'Isolating the Key Elements in Appealing Girl Scouting Programs,' with Frank Wiebe. A study of key elements to attract girls to scouting. Created multi-county, multi-school, multi-grade sampling method for ongoing use.

Positions Held in Civic Organizations

2017: Oxford Lions Club, I have twice been President of the Oxford Lions Club, one of four key service clubs in the community. As I report this, I have been a member now for 45 years, 25 of those years in Oxford as a University of Mississippi educator. Our motto is WE SERVE and I have done so in multiple capacities over those joy-filled years here.

Service Honors and Awards

2018: Lifetime Achievement Award, Civil Air Patrol. About two people per state are selected for the Lifetime Achievement Award per year, sometimes none. I was selected in the purview of this Report in 2017. It is an award I will ever treasure. Some Academics are diverse and multi-faceted in their service. It was a surprise, but immensely satisfying..

2013: Residential College Faculty Fellow, Residential College. Serve as Business School representative for RC as possible - Marketing topics.

.

2004: , Alpha Sigma Lambda. Academic Honorary, Elected.

2004: , Pi Sigma Alpha. Adult Education Honorary, Elected.

2004: , Golden Key National Honor Society. Honorary Member.

2004: , Alpha Kappa Psi. National Business Fraternity, Elected (Advisor).

Faculty Development

Professional Seminars / Workshops

2003: Anchorage, Alaska. American Society for Photogrammetry & Remote Sensing Conference, May 5-9 with Cindy Shields, MSCI Fellow (NASA).

2002: Denver, Colorado. MSCI Fellow Research Seminar: Space Imaging & Digital Globe, July 21-24 Cindy Jones, MSCI Fellow (NASA).

2002: Long Beach, California. Intelligent Transportation Systems of America Annual Conference, April 29-May 2.

2001: Miami, Florida. Intelligent Transportation Systems of America Annual Conference

2001: Austin, Texas. Marketing Science Institute Conference on B2B E-Commerce, Mar 2-5

2001: Orlando, Florida. SBIDA/USASBE Annual Conference, Feb. 7-11

2000: Austin, Texas. Technology Transfer Society Annual Conference, July 20 - 22

2000: Biloxi, Mississippi. Mississippi Economic Development Council (MEDC), Winter Conference, June 28-30

2000: Washington, District of Columbia. American Society for Photogrammetry & Remote Sensing Conference, May 24-27

2000: Memphis, Tennessee. E-Commerce and Your Business, University of Memphis, April 6

2000: Biloxi, Mississippi. National SBIR/EPSCoT Business Conference, Feb 28 - March 1
